YOUNG & BARTLETT

GLENGARRY CONTEST.

THE GOVERNMENT'S EARNEST EFFORT TO WIN.

An Enormous Sum of Money Expended on Behalf of Mr. McLennan—Voters From Far Distant Points—Mr. Wood and the Cabinet.

OTTAWA, Jan. 15.—Dr. Ferguson, M. P. for Leeds and Grenville, J. D. Reid, M.P. for South Grenville, and Mr. Bryson, ex-M.P. for Pontiac, were here to-day, along with Mr. Woods, M. P. for Brockville, pressing upon Premier Abbott that the latter should be taken into the Cabinet as Postmaster-General. It is not likely that this will be done, as Eastern Ontario has now more than its full complement of representatives as compared with the west end of the province.

The Government is greatly elated over again carrying Glengarry. The Government organs have all special articles emphasizing the success as one which predicts that the bye elections will go in their favor. McLennan increased his majority by 15 over that of last election, which was 321. Voters were taken into the county by the Government from Port Arthur and Winnipeg. It is estimated that it cost $20,000 to win. The election will certainly be protested.

The Sport of Fortune.

PITTSBURG, Pa., Jan. 15.—One of the most famous bankruptcy cases in the United States Court for the Western District was ended this morning, when Judge Reed discharged Andrew Raum from bankruptcy. It was 18 years ago that the case was begun. Andrew Raum was then considered worth $5,000,000. To-day he is shattered in health, and has little left him except an indomitable spirit. Andrew F. Raum was the principal member of the firm of Carrier & Raum. When a boy and still an apprentice, he busied himself in getting hold of contracts for lumber and employing men to fill them. By the time he was 21 he had quite a sum of money laid by, and it was not long before this began to grow into a fortune under his management. He bought timber and mineral lands and became one of the most extensive lumber and coal dealers in this part of the country. At the time of the panic in 1873 he was worth probably $5,000,000. He owned at least 20,000 acres of land in various States, and had quite a large amount of other property. The firm of Carrier & Raum, in which he was interested, dealt largely in lumber, and was considered as solid as any in this State, but the panic struck it and in June, 1874, its creditors forced it into bankruptcy. Since that time Mr. Raum has devoted his entire time to saving his property for his creditors. The proceedings dragged along so slowly that the timber and mineral lands in many places were attached for taxes. Mr. Raum travelled from place to place trying to save them, and in some instances was successful. He lived in comparative poverty in a cabin upon the mountains near Dubois. A year or so ago he suffered a paralytic stroke, and can only move about now with the aid of a cane, but his mind is quite vigorous, and now that he is free to do business for himself again he will likely be heard from in financial circles before long. He is confident of being able to amass another fortune if his life is spared a few years longer.

Jay Gould's Fight.

NEW YORK, Jan. 14.—There was a big crop of rumors yesterday about discord in the Western Traffic Association. One of them was that Jay Gould would withdraw if the Association ignored the charge of rate-cutting which the Missouri Pacific has preferred against the Managers of the Burlington and Atcheson. This was an offset to the sacrifice of J. S. Leeds, late traffic manager of the Missouri Pacific, for cutting sugar rates. Many imagined that Gould would not rest until he got an official of another company discharged, and this is probably the ground for the report that Mr. Gould would withdraw from the Association. There was a lengthy discussion yesterday of the charges against the Burlington and Atcheson, and Mr. Gould, it is said, felt so confident that he had a case, that he demanded the discharge of the guilty man. No decision was reached. The case goes over until the next quarterly meeting of the board, and in the meantime the accused persons are expected to prepare defense, just as Mr. Leeds did. As to the reduction of Mr. Commissioner Walker's salary from $25,000 to $12,000, although it was informally discussed yesterday, no action was taken. His three years' contract with the older Inter State Commerce Railway Association does not expire untill March.

Garza's Operations.

SAN ANTONIO, Tex., Jan. 14.—The United States authorities along the river between Laredo and Brownsville, have received reliable information through Mexican spies that Garza now has his headquarters on the Mexican and Texas railroad, about ten miles east of Laredo; that he is receiving recruits from Mexico and various parts of the States daily, and the various bands are well organized and scattered along the line. The spies have discovered that there will be a concerted move of the entire revolutionary forces made in Mexico in the next ten days. These reports have greatly stirred up the military authorities on both sides of the river. The United States troops are to be concentrated in the territory reported as being occupied by the revolutionists, as rapidly as possible.

A Girl's Disappearance.

NEW YORK, Jan. 14.—Six days have passed since Nellie Brown, a pretty 15-year-old school girl, started from her home in the village of Otego, in Otego county, ostensibly for a 10 minutes call on a young girl companion who lived near by. She never reached the neighbor's house, but completely and mysteriously disappeared, and the unremitting search which has since been kept up has failed to discover a clue to her fate. The theory that she committed suicide by drowning in the Susquehanna River, which flows near by, is discredited, because she had no cause for self-destruction, and the river would have yielded her body before this. A somewhat startling theory is now suggested in explanation of the mystery. It appears that under the will of her grandfather Nellie would inherit a considerable sum of money on reaching 20 years of age. If she died before that age the money would go to some distant relatives said to be living in Michigan. This feature of the case suggests a possible motive for putting her out of the way, and is being investigated by the missing girl's friends.

VANCOUVER NOTES.

Results of the Elections—Indians Drowned—The Fruit Growers.

VANCOUVER, Jan. 15.—Yesterday was a day of excitement in Vancouver, as the elections for Mayor and Aldermen were taking place. Business was entirely suspended and the different candidates for municipal honors were boomed by their respective friends. A large amount of money was staked on the results of the election, and many thousand dollars changed hands. Following is the result:—For Mayor—Cope, 845; Carroll, 832. For Aldermen, ward 1—Anderson, R. A.; Connon, H. E. Ward 2—Collins, H.; Scoullar, A. W. Ward 3—Dr. McGuigan, Brown, E. A. Ward 4—Prof. Odlum; Franklin, I. L. Ward 5—Mills, R.; Gavin, J. J. Only one alderman outside the "citizens' ticket" was elected.

Mayor Oppenheimer will be banquetted to-night by his friends at the Hotel Vancouver.

Ship Titania sailed yesterday with a cargo of lumber and salmon valued at $112,000. The ship Angerona arrived to load lumber at the Hastings Mills.

Early yesterday morning an upturned canoe was found at the wharf with Siwash Bill inside, drowned. Several Indians started out together in a drunken condition, and it is supposed all were drowned.

The fruit growers finished their convention yesterday. A number of valuable papers were read. N. J. Harris was elected President, Thomas Cunningham Vice-President, and A. H. B MacGowan, Secretary-Treasurer.

New Westminster News.

NEW WESTMINSTER, Jan. 15.—Governor Moresby of the Provincial jail has ordered the squatters on the Royal avenue government reserve to get off before Monday next. There is quite a village of squatters on the reserve, and they think themselves very hardly used, as they have been there a long time. They are tearing down their shanties and packing up, however.

Archie MacLean has been appointed secretary of the Westminster-Vancouver electric tramway, in succession to the late S. T. MacIntosh. He is a very popular young man, and has shown a good deal of ability as assistant secretary.

A Cotton Firm in Trouble.

NEW YORK, Jan. 14.—A Philadelphia special to the Herald says:—The cotton trade was excited to-day under the rumored financial trouble of J. H. Coates & Co., cotton and yarn merchants, with branches in New York, Columbus, Havannah and Galveston. It was explained that a note of the firm had gone to protest, but it was expected they would pull through their present difficulty. There are no judgments entered, and no assignments made. The trouble is caused immediately by the fall in the cotton market.

Shot by an Insane Man.

CHICAGO, Jan. 13.—Flavius M. Wilder, a well-known physician of this city, was shot and instantly killed at noon to-day by John Redmond, recently discharged from an insane asylum. Redmond's daughter was stolen two years ago and shortly afterward he became insane. After the shooting Redmond gave himself up to the police. He says he shot the doctor because the latter alienated his wife's affections.

The Miantonomah's First Orders.

NEW YORK, Jan. 15.—The new monitor, Miantonomah, has been ordered to the West Indies. It will take only a few days to get her ready for sea. Her commander will report to Admiral Gherardi. The cruiser Newark will probably act as convoy.

Poisoned With Arsenic.

MERCED, Cal., Jan. 14.—Word comes from White Rock, Mariposa county, that Jacob Lewis, a pioneer, and his wife were poisoned by unknown persons placing arsenic in their meat and bread. They are reported to be in a dangerous condition.

The Baltimore's Mishap.

SAN FRANCISCO, Jan. 14.—The U. S. steamer Baltimore, which went aground on leaving the dry dock at Mare Island last week, was got off this morning. It was found that she had struck a large rock, and will have to go in the dry dock again.

Sidney Bell's Case.

SAN FRANCISCO, Jan. 14.—The attorneys for Sidney Bell have received a telegram from Attorney King, to whom E. W. Campbell made his confession in Chicago, stating that Campbell has left there for this city.

A New War Ship Started.

SAN FRANCISCO, Jan. 14.—The first rivet in the line-of-battle ship Oregon was driven this morning at the Union Iron Works, in the presence of army and navy officials.

Acquitted.

AUBURN, Cala., Jan. 14.—Al. Rodert was acquitted this morning of the charge of attempting to wreck a Central Pacific train near Colfax.

Speaker Crisp Convalescent.

WASHINGTON, Jan. 14.—Speaker Crisp is pronounced convalescent and out of danger to-day.

Carving sets at Fox's.

MOURNING FOR THE DEAD.

BEREAVED PRINCESSES PROSTRATED WITH GRIEF.

Multitudes Will Attend the Funeral Ceremonies—General Sympathy Evoked—Death of a French Scientist—Movements of the Mexican Revolutionaries.

LONDON, Jan. 15.—It is reported that Princess Mary of Teck is seriously ill from the ordeal which she has passed through in the death of her betrothed.

From one end of Great Britain to the other preparations are making by all classes of people, those in civil life as well as those occupying official stations, to give a final manifestation of their sympathy with the Royal family on the death of Prince Albert Victor of Wales. It is believed every city in the kingdom, and many smaller communities, will be represented by delegations, regularly appointed, at the last ceremonies. At the various railroad offices it is learned that the number of enquiries made, even before the date and place of interment have been settled, indicates the decision on the part of a great number of people to participate in the last honors to the dead prince.

Dispatches from Cairo says that at a meeting of British residents there, with Sir Evelyn Baring, the British Minister, presiding, a resolution of sympathy with the Prince and Princess of Wales and with the Queen upon the death of the Duke of Clarence and Avondale was passed yesterday.

A later report has been issued, which announces that the Princess of Wales and Princess Mary are both prostrate with grief at the death of the Duke of Clarence.

WASHINGTON, Jan. 15.—In his prayer at the opening of the House this morning Chaplain Millburn spoke in feeling terms of the death of Prince Victor, and prayed that the Queen, the father and mother and the affianced bride might find that consolation which palace and hovel alike need in the love of Jesus Christ. He also remembered the late Cardinal Manning, and asked that such an example might stir up all men to more faithful consecration to Him who died for us all, prince, cardinal and pauper.

CONDOLENCE TO THE QUEEN.

Victoria's Board of Aldermen for 1891 Meet for the Last Time.

A special meeting of the board of aldermen was held at the City Hall this afternoon. Present, Mayor Grant and Aldermen Munn, McKillican, Renouf, Holland, Hunter and Richards.

The Mayor's report was taken as read, and on motion ordered printed.

On motion the contract for the erection of a crematory was ordered sealed by the mayor. The contractors are the Dominion Sanitary and Cremation Co., of Des Moines, Iowa. Contract price, $9000

Ald. Munn moved, seconded by Ald. McKillican, that the following address be sent through Lord Knutsford:

Her Majesty and the Royal Family. The Council, on behalf of the citizens of the city of Victoria, British Columbia, offer their heartfelt sympathy by reason of the death of the Duke of Clarence and Avondale.

JOHN GRANT, Mayor.

This was carried, and the board rose.

Quatrefages, the Naturalist, Dead.

PARIS, Jan. 13.—Jean Louis Armand de Quatrefages de Breau, the well known French naturalist, is dead, of influenza. Quatrefages was born at Berthezeme, France, Feb. 10, 1810. He studied medicine and natural sciences at Strasburg. In 1842 he commenced a series of scientific voyages along the Atlantic and Mediterranean coasts. In 1850 he was appointed professor of natural history in the Lycee Napoleon, and in 1856 exchanged this post for the professorship of anatomy and ethnology in the Museum of Natural History. His extensive investigations in zoology, comparative anatomy and anthropology have afforded subjects for many works. His "Natural History of Man" and other works have been translated into English.

A Centenarian.

NEW ORLEANS, Jan. 15. — Mrs. Lydia Rezan, representing many of of the best families of Creole, New Orleans, on Tuesday celebrated the 100th anniversary of her birth. A reception was held, and the congregation of her descendants gathered about her to celebrate the event. The old lady is remarkably well preserved. Her hair is full and not completely white. Her eyesight is only beginning to fail, while she possesses all her faculties in a vigorous degree.

McKinley on Wool.

COLUMBUS, Ohio, Jan. 15. — In a speech before the Agricultural convention yesterday afternoon Governor McKinley said: "There is one thing that they all might as well make up their minds to down in the east—that they can't have wool free when it comes from the sheep's back and put a tariff on it when it comes on our backs. They can't have wool come into their factories in New England free and come out of their factories with a tariff on it."

SPORTING INTELLIGENCE.

Matters of Interest Going Forward in the Sporting World, Here and Elsewhere.

THE TURF.

BIG PRICE FOR A HORSE.

WASHINGTON, Jan. 13.—Senator Stanford to-day acknowledged that he had sold Arion, the 2-year-old. The price is said to be $150,000.

THE RING.

HALL AND FITZSIMMONS.

NEW ORLEANS, Jan. 14.—There now seems every possibility that Jas. Hall and Bob Fitzsimmons will meet before the Metropolitan Club of this city. The club has offered a purse of $10,000 for a fight between the two men. Parson Davies at once accepted for Hall, and named April 1 as the date of the fight. Fitzsimmons, who has fought somewhat shy of the meeting, seems disposed to accept it for want of something better, and announced the other day that he would meet Hall at 154 pounds, but it is not likely that Hall can get down to that weight. It is probable that Fitzsimmons will compromise at 158 pounds. A committee of the club will visit Fitzsimmons at Bay St. Louis and try to induce him to meet Hall.

NANAIMO NEWS.

The Civic Elections—A Defaulter—Death of a Pioneer.

NANAIMO, Jan. 14. — Mr. Charles York, one of the oldest pioneer settlers of Cedar district, died at his residence on Tuesday evening, after a lengthy illness. The deceased was well known by his acquaintances as a hale and hearty man. He leaves a wife and six children. The funeral will take place to-morrow and will proceed to St. Paul's church on the way to the cemetery.

DEMPSEY-PERCHET.

Mr. H. Dempsey, Proprietor of the Windsor House and Mrs. Perchet the pleasant housekeeper, were united in marriage at an early hour this morning by the Rev. Mr. Lovey at St. Alban's church. Both parties are exceedingly popular in this city, and in consequence a large crowd of their friends gathered to witness the event. Champagne was "set up" at the hotel, and great ravages must have been made upon the cellar. At the depot congregated an immense number of citizens eager to give the party a parting send off. The groom was congratulated by everybody, and as the train pulled out for Victoria the crowd cheered the newly wedded couple and bade them "God speed" and a happy and prosperous life.

SONS OF ENGLAND.

The Sons of England will give a grand concert and dance in St. Paul's Institute to-morrow evening, and a pleasant time is anticipated.

THE ELECTIONS.

NANAIMO, Jan. 15.—The municipal contest yesterday was one of the keenest ever witnessed in this city. Mr. Haslam must certainly thank his committee for his success, as they worked strenuously in his behalf, and everything that could be devised they carried out with precision. Steamers visited the islands and brought the voters to the city, and on the street were a large number of buggies and carriages working in his interest, and kept busily employed. It is estimated that there are not more than fifty voters who refrained from using their power. Following are the figures for the contest:—

For Mayor—	
A. Haslam	289
J. Hilbert	222
Majority for Haslam	67

Aldermen.—South Ward—Baker, Campbell, McKinneth.

North Ward—Nightingale, Dobeson, Brown.

The aldermen for the Middle Ward were elected by acclamation. At the close of the polls and declaration the successful candidates delivered short speeches.

SKIPPED OUT.

Mr. C. W. Whiffin, Secretary of the Nanaimo Building Society, has suddenly taken his departure, and it is found he is considerably short in his accounts. A warrant has been issued for his arrest.

A SPLENDID SHOWING.

What the Upton Line of Steamers Have Been Doing During Last Year.

The following statement of the comparative shipments of tea from Yokohama shows that the Upton line have already taken a large share of the trade between Oriental and American ports.

Seasons 1890-1891 and 1891-1892—P. M. S. and O. and O. steamers sailing every 10 days, 1890-91—14,412,318lbs.; 1891-92—11,270,695. C. P. R. sailing every three weeks during season 1891-92—1890-91—6,839,800lbs.; 1891-92—3,900,181lbs. Upton Line—Sailing once monthly 1890-91 ——— 1891-92—5,433,278lbs.

Roughly speaking, "ship for ship," the Upton Line has carried one-third more than the Pacific Mail and "Occidental & Oriental" steamers and twice as much as the Canadian Pacific.

The Upton line steamers which leave here once a month have likewise taken a hand in the flour trade, having taken out large cargoes of flour when the other lines were unable to obtain any.

The Umatilla's List.

SAN FRANCISCO, Jan. 15.—The Umatilla sailed this morning with the following passengers for Victoria:—Miss Sarah Levenson, Mr. Moss, A. Rothschild, S. Hartley and wife.

Notice is given that application will be made at the next session of Parliament to incorporate the Wolseley and Fort Qu'Appelle Railway company, with power to construct and equip and operate a line of railway from a point on the line of the Canadian Pacific Railway company at or near Wolseley in the Northwest Territory, thence to Qu'Appelle valley via Wolf creek, thence up the Qu'Appelle valley to Fort Qu'Appelle, being a distance of about forty miles, more or less; also with powers to construct and operate telegraph and telephone lines in connection with the said railway, and generally with all powers, rights and privileges usually granted to a company under charter of incorporation.

The Canadian Pacific Railway Company has entered into an arrangement with the proprietors of the Montreal and Vandreuil railway, which is still in course of construction, by which the Canadian Pacific company will operate the road already constructed for the owners. The building of the line will be pushed forward in the spring.

Get prices from Victoria Lithograph Company for lithograph work before placing your orders.

NEWS OF THE DOMINION.

A Budget of News and Gossip From the Eastern Provinces.

McLennan's (Conservative) majority in Glengarry was 374.

Grassich and Mowat, the missing Regina ranchers, have been found.

Soulanges election takes place on Feb. 3. and East Bruce on Feb. 11.

Hull city council have resolved to offer a bonus to parties establishing manufactories in their city.

A man named Skrup, a Polish resident of Thompsonville, fell from the roof of his house and was killed.

A halfbreed named Chas. Musson, was cut to pieces in jumping from a moving C.P.R. train at Winnipeg.

The Conservatives of Monck have chosen Mr. Boyle, ex-M.P. to oppose J. Brown, the unseated Liberal member.

Wm. Boig, a farmer near Fairview, fell from a mow to the barn floor and fractured his skull. He died the same night.

Jas. Slow, aged 30, was knocked from a platform at the Grand Trunk round house at Stratford by the handle of a windlass and killed.

The Bishop of Ontario is lying ill at Paris, having taken a chill in a railway carriage while traveling in England en route to the continent.

An aged farmer of Saltfleet, named Woodman, was probably fatally injured through the upsetting of a load of hay on which he was seated.

Mr. John Mackay, a well known citizen of Ottawa, and an employee of the Ontario Government as Crown Timber Agent, was found dead in bed.

The Barnum Iron Works Company, of Toronto Junction, has assigned. The assets are said to be about equal to the liabilities, which are about $50,000.

David Mosey, probably the oldest man in Canada, has died at Cornwall, aged one hundred. He was born in Ireland and emigrated to Canada in 1831.

Mr. James Arthur Cochrane, of Hillhurst, Que., son of Hon. M. H. Cochrane, was married in Toronto to Eva Morris, daughter of the late Hon. Alexander Morris.

The annual health report shows Ottawa mortality for 1891 as 908, of which 325 are from infectious diseases, typhoid and scarlet fever accounting for 275 deaths.

The Insurance deputation at Ottawa asked Hon. Mr. Foster to introduce a bill next session to provide for a system of licensing Life Insurance agents and doing away with rebates.

The Masonic Hall in Port Arthur, occupied by Weir & Balkwell, grocers, and St. Mark's Lodge of Freemasons, has been burned. The loss is $6000 and the insurance, $3500.

The North Central school building in Winnipeg was destroyed by fire yesterday morning. Over 500 pupils were in the building at the time, but all escaped. The loss is $18,000.

Police Constable Winters, of Montreal, his wife and four children had a narrow escape from being poisoned. The poison was contained in a tin of flour of which they had all eaten.

The sons of Gerdon Strader and Richard Seeley, of Rowena, were out hunting, and when young Seeley was running backwards he fell, and his gun went off, killing young Strader instantly.

The Allan steamer Parisian, carrying weekly mails, arrived at Halifax last Friday, making the run from Moville to Halifax within seven days and breaking all previous records between the two ports.

LeCanada, the Ottawa French paper, editorially accuses Lieut.-Governor Angers of establishing lynch law, striking at provincial authority, encroaching on the rights of the people and entrenching on constitutional procedure.

Lieut.-Col. Charles Clarke, clerk of the Legislative Assembly of Ontario, has been appointed Deputy Lieut.-Gov., Sir Alexander Campbell not having recovered sufficiently from his stroke of paralysis to enable him to perform gubernatorial duties.

John Herbeson, of Lyndhurst, received injuries in a runaway which apparently resulted in death. As he was being laid out the physician noticed the pulse throb near the temple and exerted himself to restore consciousness. His efforts proved successful and the man is now recovering.

James Lockhart, brakeman on the Northern Pacific, was killed near Wawanesa, Man., while uncoupling two engines. Lockhart's parents live in Minnedosa, but formerly lived in Winnipeg, where he is well known among the members of the 90th battalion, in which he served during the rebellion of 1885.

J. Wyborn Walker, superintendent of the Metropolitan Life Insurance Company, of New York, who was present at and took part in the installation of the new officers of Chesterfield Lodge of the Sons of England in Toronto, died next morning before breakfast from apoplexy. He was about 45 years of age and married.

Hon. Mr. Laurier was presented with an address at a public meeting in Kingston, and in reply spoke for an hour, chiefly on the subject of unrestricted reciprocity. He favored unlimited reciprocity as the most feasible. Mr Laurier said the Liberals would support any treaty the Conservatives could get with the United States, but wanted unlimited trade in the products of both countries, and this would come sooner or later.

The Globe cable says: Though the time for receiving tenders for the new Atlantic steamship service expires next Tuesday, inquiries seem to show there is no present prospect of success. The leading shipbuilding firms, who have been regarded as probable tenderers, state that they have abandoned the idea for the present year, at all events, and that others have done the same. Meanwhile Plymouth is sending a deputation to the Canadian High Commissioner, on Monday, to represent the advantages of Plymouth over Southhampton and Avonmouth as an English port of call.

Popularly called the king of medicines—Hood's Sarsaparilla. It conquers scrofula, salt rheum and all other blood diseases.

For your Christmas purchases the Lion Clothing Store, 74 Yates street. Prices to suit all.

Melissa Garments for Ladies.

The Melissa Manufacturing Co. have received many letters from all parts of the Dominion, asking if they intend manufacturing MELISSA CLOAKS for LADIES, or if Melissa Cloth can be procured for that purpose.

In answer to these inquiries, they desire to say that, although not ready to manufacture Ladies' Garments, they have decided to sell the Melissa Goods by the piece and are now preparing a choice range of patterns, which will be offered to the trade in January, 1892.

Melissa Cloth is admirably adapted for women's wear, as it can be made in any weight desired, and in an infinite variety of patterns and shades. Women will no longer have to put up with the disagreeable odors, discomfort and danger of wearing the old, air-tight, rubber waterproof.

The TRADE MARK which will be stamped upon every piece of Melissa Goods is an absolute guarantee not only that the Cloth is Rain-proof, Porous and Odorless, but that it is PERFECTLY PURE and FREE FROM ALL DELETERIOUS SUBSTANCES, neither SUGAR of LEAD nor any other poisonous ingredient is used in its manufacture, and ladies can wear garments made of the cloth with a sense of perfect security that both health and comfort will be assured.

Everybody is asking for "MELISSA" Rain-proof Garments.

* Ladies will now have them as well as the men. *

* No Chills. No Clammy Feeling. No Danger of Colds. *

Rain-proof
Porous
Odorless
Durable
Moth-proof.

THE SCHOOL CONTROVERSY.

A Severe Condemnation of the Government's Action in Mr. McLeod's Case.

New Westminster Columbian.]

While not wishing to enter into a discussion of the merits of the technical questions as to school management, the conducting of examinations, etc., in which the differences between Mr. McLeod and the Education Department originated, we feel it to be our duty, in the interests of the cause of education in the Province, to call attention to what, we think, must strike any unprejudiced person the more forcibly the more they look into the case, namely, the arbitrary and anomalous procedure, judged by all rules of fairness and common sense, of the body called the Council of Public Instruction, in such a case. This Council of Public Instruction, which, be it observed, is composed of the members of theGovernment and the Superintendent of Education, occupied in Mr. McLeod's case at once the triune position of defendant to his charges, accuser of him before themselves, and final judge of the whole matter. Without affirming anything here about this particular case, what better than a mock trial, we would ask, could any teacher who might be so unfortunate as to come before it, reasonably expect of such a tribunal?

By way of supporting the Council's "finding," that Mr. McLeod had refused "to answer questions put to him before the Council, or to there produce information which he alleged is in his possession, which would prove the charges he had made," the Colonist of a late date reproduces some verbatim gems from the inquisition held by the Council on the 27th of November last, Hon. Mr. Pooley being the interrogator and Mr. McLeod replying. A short extract will suffice to show the general drift and tone:

Q—You have made a statement with regard to the Board of Education? A—I make the statement and stick to it. The papers were not properly examined.

Q—I want to know on what grounds you base that statement? A—On the Latin papers.

Q—You decline to answer what set of papers you examined, or what child's papers you examined? A—I decline to answer, although I am in a position to answer it.

Q—You make a statement of that kind and do not substantiate it? A—I am prepared to make a statement and substantiate it, *if the papers are produced.*

Q—You said you examined the papers of one or two of the children; which child's papers was it you examined? A—I won't tell.

Mr. Davie—How do you expect us to deal with the papers? A—*I want all the Latin papers of the third division.*

Q—But suppose the papers you ask for are gone? A—*They are in the Education office.*

Mr. Robson—I would like to know how you are in a position to make that broad statement? A—*I looked over some of them.*

Mr. Turner—How many did you look over? A.—I decline to answer that; I refuse to say.

Mr. Pooley—You make charges and refuse to give the Council information to substantiate the same, which you say you possess?

A.—I won't tell. I decline to answer.

Mr. Pooley—Then I do not wish to have anything further to do with you. What is your opinion, gentlemen of the Council?

Mr. Davie—I think that is sufficient.

Mr. Vernon—I have heard enough

(Mr. McLeod retires.)

By putting the italics on slightly different lines from where our contemporary placed them, we bring out the real point—not Mr. McLeod's refusal to answer questions or produce evidence, but the fact that the evidence which he knew to exist was in the hands of his accusers and judges, who, with a refinement of irony that could not have been excelled in the days of theSpanish Inquisition, could thus mockingly challenge their victim to produce evidence which was secure in their own possession. We should like to have the opinion of the Colonist upon the fairness of that cool piece of business, and also what has our contemporary and the Council of Public Instruction got to say to Mr. McLeod's final challenge, in his letter to the Department, which we published the other day, as follows:

"The Council asked me to give the names of the pupils whose papers I claimed were improperly marked. I declined to accede to the request of the Council, as all the papers were in the custody of the Superintendent of Education, but stated, at the same time, that if all the Latin papers were laid before the Council, I would give the required names. I am now prepared to point out to the Ven. Archdeacon Scriven the papers alluded to and to abide by his decision in the matter and challenge the Council of Public Instruction to produce the papers and convict me of misrepresentation in regard thereto. And whether those papers are produced or not, I beg to point out that there still remain in the Victoria High School living monuments to the carelessness or the incompetence of those who conducted the promotion examinations in June, 1891."

An educational tribunal like the Council of Public Instruction may serve the very useful purpose of a deterrent, to warn all teachers against daring to differ, above their breath, on any question with the Superintendent of Education, or the Council of which he is a member; but is such an unnaturally repressive influence, we would ask, likely to work for good—for the best interests of education in the Province? Will it not rather inevitably degrade the entire teaching body, by weeding out it, in time, the very best members, those who take a pride and an interest in their work for the work's sake, and whose suggestions and criticisms, and even impatience under vexatious interference and restrictions, are the very best evidences of that healthful interest, which the mere timeserver would never feel nor manifest? There must, of course, be some head to the educational system of any country, and some broad discretionary powers must be accorded to and exercised by that head; but too much power in a disciplinary and supreme body, and a disposition to exercise it to the full, combined with overofficiousness as to details, it can easily be seen, is liable to lead to worse consequences than no power at all. The Council of Public Instruction, we greatly fear, is such a body; and we shall be considerably surprised if the Provincial Legislature, when Mr. McLeod's case is fully laid before it at the approaching session, does not find so to.

Does Protection Protect?

Certainly, in one instance, it does. Hood's Sarsaparilla is the great protection against the dangers of impure blood, and it will cure or prevent all diseases of this class. It has well won its name of the best blood purifier by its many remarkable cures.

The highest praise has been won by Hood's Pills for their easy yet efficient action. Sold by all druggists. Price 25 cents per box.

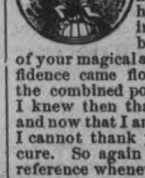
SOLD BY COCHRANE & MUNN, Druggists, Corner of Yates and Douglas streets, au29 Sole Wholesale Agents, Victoria.

I AM A MAN



"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flocking in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. You nor any one else cannot use words too strong to express my sentiments in favor of so wonderful a treatment as that given by you."

(Original on file; name of writer furnished in confidence.)

WEAK MEN

KASLO CITY

The Centre of the Great Kootenay Mining District in B.C.

This young and thriving City is situated on Kootenay Lake at the mouth of Kaslo River, within close proximity to the famous Kaslo and Slocan mines.

The discoveries during the present year of numerous mines of remarkably rich ore and great width on Kaslo river and east of Slocan Lake are well known to the public. They have attracted the attention of capitalists and miners all over the continent, and there is no question that these mines, which are tributary to KASLO CITY, will receive more attention than those of any other section of Kootenay.

A spacious hotel has been built for the accommodation of travelers. Stores and other buildings have also been erected. The townsite is being cleared and streets graded so as to forward the large amount of building that will be in progress as soon as material is secured for construction. A trail has been built to the mines, which will be replaced by a wagon road as soon as the work can be prosecuted. The grade to the mines is an easy one. An application for a charter to build a railway line into the mines from Kaslo will be made at the coming session of the Legislature. Everything is being done that circumstances will permit to give easy access to the mines and furnish supplies for the miners, KASLO CITY will have a large population this summer. It will become the supply depot for the richest mining section yet discovered in British Columbia. Unlike many mountain towns, it is most favorably situated on a gentle slope from the waters of a sheltered bay on Kootenay Lake, and is supplied for domestic and manufacturing purposes, by a large stream of pure cold water.

If you wish to participate in the profits that enchanced values will bring, don't fail to invest in Kaslo City. Lots are on sale at the offices of all the Leading Real Estate Brokers in the Province.

THE NEW COUNCIL.

The civic elections are over and the citizens to-day are able to undertake a calm review of the results. Whatever may be the popular estimate of the new council in the aggregate, there will be very little dissent from the opinion that the outcome of the mayoralty contest is highly satisfactory. There were very few who believed before election day that Mr. Smith had any chance of defeating Mr. Beaven, and to-day his gratitude to the "friends" who induced him to enter the contest is probably in inverse proportion to the majority against him. The city may well congratulate itself on its choice of mayor, for Mr. Beaven's occupancy of the chief magistrate's chair can mean nothing but advantage to the citizens' interests. The high esteem in which he is held by the people, as shown by the very large majority so spontaneously accorded him, is well founded, and there are not many, even of those who voted against him, who do not feel that his election is a good thing for the community.

As regards the Aldermen, it is more difficult to form a definite opinion at present. Nearly all the men elected are new and untried, and it must be left largely to the future to determine whether they are worthy of the trust confided to them by the citizens. It is probable that with a few exceptions the best men offering have been elected, but there is a general impression that there might have been a better field of candidates to choose from. Nevertheless the Council as constituted seems to be on a fairly high level of ability and character, and there does not appear to be much ground for fear that it will neglect or badly administer the city's affairs.

GOVERNMENT AND TRUSTEES.

Perhaps nothing will furnish a better commentary on the unworkableness of the present School Act and its failure to meet the educational requirements of Victoria than the wranglings which have been a chief feature in the deliberations of our hybrid Board of Trustees ever since it was constituted, and which have been nothing less than a public scandal. When we see a number of men who, from the very nature of their office, are supposed to be possessed of intelligence and dignity, so far forget themselves as to indulge in passionate recrimination in language that is neither refined nor becoming, it surely becomes a duty to enquire what the causes are that make such an undesirable state of affairs possible. Never before has it been the custom for policemen to take an active part in defence of our system of education. Their connection with the schools ceased when they had frowned upon a trembling schoolboy or dragged him, catapult and all, before the judgment seat of the Police Magistrate. But now it is no unusual sight to see a policeman in uniform specially detailed to teach etiquette to a body of men who have at their disposal the entire school revenue of the city, influence the destinies of 2000 pupils and hold at their mercy the reputation of 30 respectable teachers.

The School Act was framed with the intention of throwing upon the cities the burden of maintaining the schools and centralizing their management in the hands of two men—the Minister and the Superintendent of Education. The Government recognized the fact that if the City Fathers were asked to hand over to it the money needed for the schools without allowing them any voice in the manner, or any control over the results, of such expenditure, they might prove a recalcitrant and stubborn body to deal with. It was for this reason that an intermediate body was constituted, which, while it would relieve the Government of the unpleasant task of having to apply to the City Council for the necessary supplies, might also be depended on to carry out its wishes in every particular. When this Board found, on investigation publicly held, that the administration of the schools by the Education Department tended to "frustrate the efforts of the teaching ability of the city" and demoralize the schools, Hon. John Robson did not hesitate to send Mr. Jessop, one of its most useful members and his own appointee, a sharp note insisting on his immediate resignation. On other Trustees influences were brought to bear, the nature of which we are not at liberty just now to disclose. By securing the removal of some and appealing to the self-interest of others, the Government at length succeeded in obtaining a quality of clay that could be easily moulded into any shape required. The cause of all the disgraceful scenes that have been witnessed at Trustee meetings can be traced directly to the circumstance that the Government arrogates full powers over the schools except as regards the cost of maintenance, and that the Trustees, as a body, have not independence enough to stand up for the city, the schools and the teachers.

The School Trustees of each of the four cities are, officially, not much better off than the teachers who serve them. They are all liable to dismissal at the whim of some one in authority. As a teacher may be removed for "gross insubordination," so a trustee may be called upon to resign if the Premier finds that he is "one of the biggest ——s" on the Board. Nevertheless trustees, serving as they do without emolument or reward, must be men in independent circumstances, and we are amazed that any of them should be eager to cling to a position from which he can derive no honor and which may leave him open to the charge of abetting injustice and of being the pliant tool of men who are in no sense his superiors.

EDITORIAL NOTES.

The High School Trustees of Toronto have under consideration a resolution instructing the principals of the High Schools to adopt the Roman pronunciation of Latin. It is not stated that the police were present at the time. If Trustee McConnan were to introduce a similar resolution at the next meeting of the board here it might lead to a grave political crisis.

A few days ago it was announced that the Dominion Government had entered suit against Mr. Bronskill, ex-attache of the State Department, to recover the money which he was enterprising enough to extort from paper manufacturers in the way of commissions. It seems that Mr. Bronskill has now compounded with the Government by giving up $208 of his illegal gains. Senecal has not yet made an offer.

The Chignecto marine railway, which was intended to convey vessels across the isthmus connecting Nova Scotia with New Brunswick, seems to be likely to collapse. The projectors are unable to finish the work out of their own resources, and have asked the Dominion for aid, either by the purchase of bonds of the company or by pre-payment of the subsidy voted by Parliament to the enterprise. The project was not a very wise one in the first place, and few people except those immediately interested will grieve over its failure.

When Mr. Netherby was examined before the Board of Trustees he admitted that pupils deserving of promotion in the Central School may be compelled to remain for several terms unpromoted owing to the want of accommodation in the classes above. Again, he said, promotion "depends on the room." To the Council of Public Instruction Mr. Netherby said the schools last June were properly graded and that he had no fault to find with the general system of promotion. There is a manifest contradiction in the evidence given by Mr. Netherby in the two places, and for pointing this out the Colonist charges the TIMES with making an unfair attack on Mr. Netherby. The TIMES made no attack on Mr. Netherby, but it did find itself compelled, in the interest of the teachers and the schools, to attack the vicious system which leaves them so completely at the mercy of the tyrannical Star Chamber across James Bay. Had Mr. Netherby repeated before the Council of Public Instruction the evidence he gave before the School Board he would most likely have had his certificate cancelled on the ground of being guilty of "insubordination."

Governor McKinley's tariff views are not to be admired, but on the gerrymander question he is quite "solid." In his inaugural address he said: "Make the districts so fair in their relation to the political divisions of our people that they will stand until a new census shall be taken. Make them so impartial that no future legislature will dare to disturb them until a new census and a new congressional apportionment will make the change imperative. Partisanship should not be discouraged, but encouraged in all things where principle is at stake, but partisanship which would take from the people their just representation, as in the case of the congressional redistricting by the last legislature, is an abuse of power which the people are swift to rebuke. It will be your duty to re-enfranchise the citizens of Ohio who were disfranchised by the last legislature's gerrymander, and restore to the people their rightful voice in the national House of Representatives. The districts should be made so as to give the party in the majority in the state a majority of representatives, and so arranged that if the party in majority should change, the representative majority shall also change." One of the most despicable actions of Sir John Macdonald was his employment of the gerrymander as a means of keeping himself in office.

LEGAL INTELLIGENCE.

SPEEDY TRIALS COURT.

(Before Mr. Justice Drake.)

That particular room used for speedy trials was this morning turned into a room of general delivery for cigarettes, tobacco, gimlets, stockings and other trinkets, among which was a highly gilt watch. These articles comprised a portion of the plunder obtained by Joe Gar Dick in his profession as petty burglar. Mr. Justice Drake this morning prevailed on Dick to take a temporary rest of about seven years. Dick drove down from the jail in grand style in the Provincial police sergeant's buggy; he took the same conveyance back, and will have a state room on the Islander in the course of a day or so.

The Chinawoman, Ah Moy, charged with procuring girls for immoral purposes, to-day elected to be tried under the speedy trials act. She will come up for sentence on Monday next.

GALENA TRADING CO. [Ld.]

A New Enterprise Which Will Assist to Develop Kootenay—The Town of Galena.

To-day's Gazette contains a notification of the incorporation of the above named company; the principal place of business being located at Pilot Bay, on the east side of Kootenay Lake. The trustees are Messrs. R. P. Rithet, W. P. Sayward and Joshua Davies, of Victoria, and Dr. Wilbur A. Hendryx and H. Byers, of Kootenay.

This company is the outcome of the close business relations existing between the Kootenay Mining & Smelting Company and the Davies Sayward Company, two institutions that have done, and are now doing much towards the development of the Kootenay Lake District. It was found, in the interest of their business, that a mercantile company was necessary, with sufficient capital to be established on Kootenay Lake to handle their increasing trade and located as near to the two companies as was possible. Operations are now under way for the location of a new town at Pilot Bay, to be known as Galena, and Mr. Byers, manager of the Galena Trading Company, left on last Monday for Pilot Bay, taking with him plans and specifications for a large store, and to confer with Dr. Wilbur A. Hendryx, Manager of the Smelter Company, and Captain S. C. Spalding, Manager of the Davies-Sayward Company, in laying off the townsite of Galena and selecting sites for a store, hotel and wharves, and to arrange for the grading of streets in time for spring building operations. It is understood that lots in the townsite will, for the present, only be sold under building conditions and of certain value. At least 25 per cent. of the proceeds will be spent in improvements on the townsite.

Pilot Bay at present has the largest industries and promises to be the centre of the manufacturing and mercantile interests of the Kootenay Lake country. It is centrally located, being 23 miles east of Nelson, three miles east of Balfour, 12 miles south of Kaslo, seven miles south of Ainsworth and the nearest and only prominent point on the east side of Kootenay Lake. It is the competitive point for railway and navigation and will be the nearest point for the trade of the Kootenay country via the Northern Pacific and Great Northern railroads, now building to Bonner's Ferry. Pilot Bay is the largest bay on the lake, having a good harbor and anchorage at all times. With the development of the mines tributary to the lake and the success of smelting operations, Galena should become the most promising town in the Kootenay Lake district, as the large expenditure of money in the shape of wages makes it self-sustaining. Its relative position to the Lake country makes it similar to the town of Nelson, Nelson having the trade of Toad Mountain mining districts and Galena having the mines of the lake tributary to it, with the advantage of being situated on water which is always open to navigation.

The officers of the Galena Company are: W. P. Sayward, President; Dr. Wilbur A. Hendryx, Vice-President; Joshua Davies, Secretary and Treasurer; and H. Byers, Manager. The policy of the company will be, if possible, to do all their purchasing in the province, and the representative men comprising the company gives this assurance.

The Hendryx syndicate may well be called the pioneers of the Lake country. For the last seven years their representative, Dr. Wilbur A Hendryx, has been engaged in developing the celebrated Blue Bell Mine, and in this connection has built, owned and operated the well-known steamers Surprise and Galena. The former now owned by the Davies-Sayward Company was brought in over the snow by a road cut through a virgin country by the Hendryx Company, from Kootenai, Idaho, to Bonner's Ferry, which was the only way for several years that access to that portion of British Columbia could be obtained and to the credit of Dr. Hendryx, the freight and passenger rates were as low as they are to-day.

It is the intention of the Galena Trading Company to have a stock of goods ready for business operations, on the opening of navigation, and with the facilities they have for transportation and transacting business there is no doubt but that this will be carried out.

It is satisfactory for Victorians to know that Mr. R. P. Rithet, our leading merchant, has taken a hand in the Kootenay trade. The manager, H. Byers, is well known throughout the Kootenay District, having for the last three years been engaged in business there. He is also well-known to our principal hardware merchants, as the late representative of Messrs. Dunham, Carrigan, Hayden & Co., of San Francisco.

Reciprocity Resolution.

Tuesday morning next at 11 o'clock the council of the Board of Trade will hold a meeting at the rooms to take up the following motion introduced by Mr. Heisterman at the last meeting:

"That this Board of Trade requests the representatives of Victoria in the Dominion Parliament to support any measures of Reciprocity that may be brought before Parliament by the Dominion Government at its next session, in view of the great importance which reciprocity bears to the development of our natural resources and the isolation of this province from the markets of Eastern Canada."

The board desire to have the sense of the members on the question before Messrs. Earle and Prior leave for Ottawa.

Stanley street, Nelson, is greatly appreciated by the citizens, constituting as it does a toboggan slide 2000 feet long. Those who objected to the grading of this street are sorry now.

IN THE UPPER COUNTRY.

Events at the "150"—A Lady's Sudden Death—Times of Festivity.

150 MILE HOUSE, Jan. 9.—The burial of Mrs. Tom Bishop took place on the 2nd Jan. The funeral was one of the largest ever seen in the upper country. Mrs. Bishop and a few other ladies were dancing on the night of Dec. 30th, and feeling sick she sat down. She went upstairs to her room, and in a few minutes was dead. A messenger was dispatched who rode all night to tell her husband the sad news at the Forks. Mr. Bishop traveled all the following night and got here the day before Mrs. Bishop was buried.

Owing to the sad accident causing the death of Mrs. Tom Bishop the ball in celebration of the opening of the new hall here was postponed to the 4th Jan., from Dec. 31. People flocked in from all parts of the country, Quesnelle, Chilcoten, Forks, Ashcroft, Fraser River, Vancouver, etc., to enjoy the festive season. The ball was opened by a grand march and Circassian circle, led by Mrs W. B. Gladwin and Mr. Robert Borland, closely followed by one of our leading M.D.'s of the Cariboo road, with the belle of the ball. The music was furnished by Messrs. Dods, Hantin and Jones, the leading musicians of the upper country, who gave us a fine selection of quadrilles, waltzes, etc., for which they deserve great credit. Dancing continued until 11.30, when, the programme being exhausted, the time was put in with singing and other amusements. Mrs. Pinchbeck favored us with one of her comic songs. Supper was announced, and all were glad to hear the gentle voice of Mr. Veitch calling "ladies and gentlemen supper is ready." Entering the dining room I was surprised to see the fine spread, which would be hard to beat anywhere, and made me think once more of the olden times. Everybody seemed to enjoy a good Cariboo "square." After supper dancing continued until 7 a. m. Everybody looked tired; some retired to bed, some to their homes. They began to think there was "No place like home," especially after a hard night's dancing. All enjoyed themselves and had a good time. After the ball there was some good singing. One or two of the vocalists have missed their calling; they should have been on the stage. Among the most prominent was Jack Hudson, who sang "The Old Pack Mule"; Joe Stevens, "Man in His Grave"; Ernest Armstrong, "In the Gloaming." Not forgetting Old Alex. Sharp, who after travelling from Cunningham Creek (not on snow shoes) gave us the "Star Spangled Banner" in his usual good style. I had almost forgotten Fred, not the fair, but Fred Rose of the "160" who sang the "Mocking Bird" which sent a thrill through every man's soul that had any liking for music. After a number of toasts, Old Bill Thompson, of Horse Fly renown, with his face in full bloom appeared bearing in his brawny hands the huge wassail bowl. You may depend we did not neglect to do duty to old Bacchus.

The jolly boys of the "Never Despair" claim left to-day with Mr. J. Ford's lightning express for the Forks. We wish them a safe journey, and may they prosper in their undertaking. Messrs. V. and B. deserve great credit for their management during the holidays. They are the right men in the right place. Mrs. W. B. Gladion has been under the weather for a few days, but we are glad to see her about again. Mr. Jeff Hough, who has been sick for some time, is around again and doing well.

As things now are no boat can safely lie over night at Ainsworth, and on windy days large steamers cannot even land passengers.

At the meeting of the Debating Union last night a paper was read by G. E. R. Ellis, Esq., upon the Silver Coinage question. The subject was very ably handled.

Services in connection with the week of prayer have been kept up during the week.

The case of B. J. Perry, of the Standard Theatre, charged with selling liquor without a license, was up in the police court this morning, and again remanded until Tuesday next, the magistrate having discovered another flaw in the information.

Officers Elected.

The following officers were elected in Court Northern Light, No. 5935, A. O. F., last evening: J. Marsh, C. R.; J Mundoff, S.C.R.; R. Renny, Sec.; R. Ritter, Treas.; H. Hancock, S. W.; J. Turnbull, J.W.; J. Lismore, S.B.; J. Hodson, J.B.; J. L. Burns, Trustee.

Deserters From the Daphne.

The war vessel Daphne sailed from San Francisco for Esquimalt yesterday morning. Eight of her marines have deserted at 'Frisco. One of them, named Randall, jumped overboard yesterday morning with his savings, amounting to $500, and was drowned.

Freights to B. C.

Mr. J. Crawford, representing Baker Brothers & Co., Vancouver, will be in Victoria on Monday next and may be seen at Messrs. R. Ward & Co.'s office in reference to freights etc., per s.s. "Bushmills" from Glasgow and Liverpotool British Columbia. Messrs. Robt. Ward & Co. are the agents for this steamer at Victoria.

The Late J. B. Smith.

The C. P. N. offices will be closed tomorrow morning for a short time to give the the employees an opportunity of attending the funeral of the late Jas. B. Smith, which takes place at 9:30 o'clock from the Burnes House and later from the Roman Catholic Pro-Cathedral. It is probable that some of the older officers of the Islander will remain over to attend the funeral.

Had a Rough Time.

Steamer Muriel, which left the other day for the West Coast with a party of prospectors, composed of Messrs. P. C. and W. D. Macgregor, D. R. Young and J. Bartlett, returned to port last night without having reached the point on Barclay Sound which she was bound for. A heavy westerly gale made it too rough for her, and after putting into Port San Juan, a return to Victoria was considered advisable.

New Purser and Freight Clerk.

Mr. John Moore, who for a number of years has held the position of freight clerk on the Islander, has been appointed purser vice Jas. B. Smith, whose sudden death was chronicled in Wednesday evening's TIMES. Mr. Moore is a well-known and popular steamboat man, who held positions on his father's boats before going into the employ of the C.P.N. Mr. T. Munro, formerly of the Danube and Premier, has taken charge of the freight clerk's office on the Islander.

Half-Masted Flags

Regarding the statement that the U. S. Consulate's was the only flag staff which did not fly a symbol of regret yesterday in memory of the late Duke of Clarence, Consul Myers says that no disrespect was intended. It was not, until late in the evening, when he read the TIMES, that he knew of the death of the Duke. Consul Myers is an American and a gentleman, and those who know him are well aware that he would be the last to be lacking in those courtesies expected from him.

The City Royal Commission.

"Men may come and men may go, but this goes on for ever," murmured Mr. Bodwell this morning as Mr. Moore recited in feeling terms: "Owing to the illness of Sir Matthew Begbie the Royal Commission is adjourned till next Tuesday at 11 o'clock." The courtroom is now furnished with sewer pipes, ground plans and law books, over all of which shines the inscription "Justitia, Sapientia, Clementia." Still the end of the Royal Commission is not yet.

The Leap Year Ball.

The leap year ball held in Harmony Hall last evening was, as had been anticipated, a grand success. Mrs. J. B. Jones, Mrs. W. Smith and Mrs. W. Shewan, who made the arangements for the dance, had spared no pains, and their labors were amply rewarded by seeing the hall filled. Good music was supplied and those present kept in the best of good spirits until an early hour this morning. The ladies had charge of the floor, and those gentlemen found without partners were speedily fined.

Take a Turkish Bath.

The B. C. Medico-Electric Institute has decided to reduce the price of Turkish baths to $1., to enable all to avail themselves of a clean bath in comfortable apartments. Hot and cold water baths in connection with a rejuvenating shower bath will be given for the moderate price of 50cts. Open daily from 8 a.m. to 10 p.m., including Sundays. Tickets for sale at the office, 76 Yates street. *

Table mats at Fox's.

Blank Books.

Kerr & Begg's bookstore 45 Government street, opp Bank of B. C.

Clearance Sale of Furs.

Capes, Dolmans, Boas, Collars, Victorias, etc., in every variety of Fur, reduced to cost at the City House. *

Take Notice.

On Saturday next Partridge will offer a Lady's Ulster for $2.75, worth $5. Landsdowne House, Yates street. *

Millinery.

The remaining stock of Hats will be offered at half price during the clearance sale at the Lansdowne House, Yates street. *

Mark Down Sale.

Commencing Saturday next, January 9th, Partridge will offer 6 yards of grey flannel for $1. *

Cafe Royal Closed.

Messrs. Jessurum & Wormser, the proprietors of the Cafe Royal, are in financial difficulties, and have made an assignment to Mr. F. G. Richards for the benefit of their creditors. Losses in business and dulness of trade are the causes of their embarrassment.

Chinese Actresses.

Two noted actresses, just arrived from China, made their debut at the Chinese theatre last evening. The appearance of females on the stage is an innovation in Chinese dramatic methods, so all the theatre patrons in Chinatown have been taking a lively interest in this event.

Ward's Imperial Theatre.

This popular theatre was as usual crowded again last night by an appreciative audience to see "The Little Detective." This drama is well known in England, and was first produced in the Britannia theatre, London, in 1864, where it was most successfully received. "The Little Detective" will be played again to-night.

The Celebrated Optician,

Prof. Seward, of New York, is now in Victoria and will remain about ten days. Office as before over Cochrane & Munn's drug store, corner of Yates and Douglas street. In adjusting eyeglasses and spectacles the Prof. is already too well known to need further comment. He will stop at Seattle before going back to New York.

A Tony Runaway.

Shortly before one o'clock this afternoon a horse belonging to Williams & Co. started to run down Fort street. On nearing the Bank of B.C. he suddenly turned, with the intention of visiting James Bay, and, despising the muddy streets, took to the sidewalk. Opposite the office of Mr. Charles Hayward he slipped and fell, thus probably saving the lives of three men who were only a few yards from him. Damage—nil.

Looking for Information

J. E. Martin of Seattle, acting in the interest of the street railway company of that city, against which Mrs. F. I. Sears has brought an action for $20,000, is in the city on a still-hunt. Mrs. Sears was severely injured last summer while riding on a street car, and is still very ill. Mr. Martin wants to find out something about the character of the accident on the Oak Bay line, on 1st of July last, when the same lady was slightly injured by the breaking of a wheel.

NEWS FROM THE MOUNTAINS.

The "Times" Correspondent Sends a Newsy Letter From Nelson—Mining Matters.

Holiday festivities have absorbed the attention of the inhabitants of the valley for the last few days.

The weather is pleasantly wintry, the thermometer getting as low as 20 deg. above during some nights.

The Idaho is making money carrying passengers and freight at double rates.

Dr. Hendryx has 30 men at work on the smelter site at Galena, a force which will be greatly increased when the days lengthen.

The Pilot Bay saw mill is still running. Captain Spaulding, the manager, has been suffering from a touch of heart trouble. He is improving and is able to be out.

The steamer Surprise is out of water and will be thoroughly renovated.

It is reported that the Skyline, Krao and Tam O'Shanter mines, in all of which active work is going on, are showing up better than ever and giving great satisfaction to their respective owners. Preparatory work is also going on in the Tenderfoot, United and Neosha.

The business men of Ainsworth have made up their minds that a safe harbor for shipping is indispensable. Subscriptions of $100 each have been offered by the principal property owners. The townsite company are expected to contribute $1500, and the Provincial Government will be petitioned for an appropriation; for an expenditure of $5000 to $10,000 it is considered that a breakwater can be constructed that will afford shelter to the largest class of steamers that are likely to navigate the lake. As the Dominion Government spend money freely in other parts of the country for river and harbor improvements, it is thought that they might justly be asked to give some assistance here.

Jas. Anderson, boatbuilder, had a serious experience. He started to cross the peninsula from the Lake to Crawford Bay. He got astray, broke his snowshoe, was unable to make a fire, and walked all night and until 3 o'clock next day before reaching camp. His feet were slightly nipped and he was generally used up, but is at work again in a 16-foot Peterborough as chipper as ever.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

THE CIVIC ELECTIONS.

Mr Beaven Elected Mayor by a Large Majority—New Aldermen—Speeches.

When the first edition of the TIMES was issued last evening only a forecast of the election could be published. The second edition, however, contained the result which, with corrections, is as follows:

FOR MAYOR.

ROBERT BEAVEN	835
A. J. Smith	313
Majority for Beaven	192

FOR ALDERMEN.

JAMES BAY WARD.

JOS. HUNTER	265	J. G. Tiarks	153
H. A. MUNN	244	J. P. Matthews	91
JOHN HALL	194	Dr. Morrison	77
Wm. Wilson	194	Jno. Lawson	60
Plumpers { Hunter			12
Plumpers { Munn			3

JOHNSON STREET WARD.

J. C. DEVLIN	213	J.H. Meldram	180
JAS. BAKER	209	Jno. Coughlan	117
M. HUMBER	141	J. W. Carey	86
Thos. Shaw	134	Geo. Mesher	69
Ed. Bragg	133		

YATES STREET WARD.

J. B. LOVELL	245	J. Wriglesworth	150
S. P. STYLES	194	H. Mcdonald	140
W.D.McKILLICAN	178	W. Walker	119
W. A. Robertson	173		

The first three candidates in each Ward, whose names are placed in small capitals are elected.

In James Bay Ward, William Wilson and John Hall received the same number of votes and the Returning Officer gave his casting vote in favor of Mr. Hall.

After the results had been duly declared, Mayor-elect Beaven was called on and said that this was the first time for him to appear as a candidate for municipal honors and he was gratified that the electors of Victoria had shown their confidence in him. He heartily thanked the ladies and gentlemen who had cast their votes in his favor and also those who had not voted for him, for the latter as well as the former had shown that they take an interest in municipal affairs and this every good citizen should do. As long as he occupied the position to which he had just been elected he would treat all alike and listen to whatever anyone, friend or opponent, might have to say to him. (Applause.)

Mr. McKillican explained that he would have received many more votes, were it not for the rumor circulated in the morning to the effect that he was disqualified because his proposer was not entitled to vote. He had remained away until 3 o'clock, and had therefore not been able to see many of the electors, who would otherwise have voted for him. He was satisfied that, were it not for this, he would be standing at the head of the poll. However, it was his own fault and he could be depended on to stand and do his duty in the future as he had done in the past.

Mr. Devlin appreciated the honor conferred upon him. His success was due entirely to the efforts of his friends, and he hoped that a year hence the feeling towards him would be the same as that manifested at this time.

Mr. Baker said that he had issued no circulars and had made no canvass and would not have offered himself or been elected only for his friends. He believed that at the end of his term of office the electors would say that he had given a good account of himself.

Mr. Humber had watched the progress of the city for the past 29 years, had been in the council once before and had then done his best and he defied anyone to do better than that. He would try to make a dollar go as far for the corporation as for himself. He was proud of the good order that prevailed during the whole election, for he had not heard one oath or seen a single case of drunkenness.

Mr. Hunter wished to thank the 266 electors who had voted for him. He bore no enmity towards those who had voted against him for he did not know who they were. He would be only too glad to support the mayor-elect in any progressive measure. He had been acquainted with him for years and knew him to be a man of progressive ideas, tinged with conservatism enough to protect the city's interests. As for himself he was the representative of no clique or party and would do all in his power for Victoria and, other things being equal, for James Bay.

After these a number of the defeated candidates spoke whereupon the meeting was brought to a close after a vote of thanks had been tendered to the veteran returning-officer, W. K. Bull.

Ald. McKillican, who was re-elected for Yates Street Ward yesterday and who it was said was disqualified on account of his proposer not being a voter, says that he will not retire. His contention is that Mr. Lettice, his proposer, has a vote in James Bay Ward, having paid his taxes before the 31st of December, but his name was left off the list by a mistake. Mr. W. A. Robertson, who came just behind Mr. McKillican, says he will not take action, leaving the council to decide whether Mr. M. Killican can act or not.

Section 73 of the Municipalities Act says, in effect, that any voter or candidate may present a petition to the Supreme or County Court praying that the election of any Alderman may be voided on the ground of his being under some disqualification.

Section 45 of the same statute says that every candidate for election to serve in any Municipal Council shall be nominated in writing, and the writing shall be subscribed by two voters in the municipality for which the election is to be held as proposer and seconder.

THE LAST DAY.

The Dog and Poultry Show Closed Last Evening—A Success.

The annual exhibition of the B. C. Dog, Poultry and Pet Stock Association, was closed last night after a most successful run of three days. The attendance yesterday afternoon and evening, notwithstanding the election, was larger than usual. The judges, Messrs. S. A. Roberts and F. W. Hitchcock, completed their labors last evening to the satisfaction of the exhibitors.

SPECIAL PRIZES.

The following special prizes for game birds, chickens and other feathered stock have been awarded:

The Colonist, one year's subscription to exhibitor showing largest number of birds scoring over 90 points; value, $10. Won by J. Flett.

2. D. E. Campbell, Esq., offers for best cat, one cut glass bottle; value $6. H. M. Walker.

Her Face Her Fortune,

Is commonly said of famous beauties. She who uses with artistic taste Wisdom's Famous Robertine has fortune in the possessing of a complexion to which nothing but the blush of the rose or the freshness of the lily can be compared. This preparation is just what it is claimed to be—the most delightful toilet article and only perfect beautifier known. Read the testimonials from famous artists, celebrated chemists and eminent physicians. D. E. Campbell, agent.

Cook & Irving

Have purchased the Bee Hive saloon at the corner of Fort and Broad streets.

Shaving sets at Fox's.

Children Cry for Pitcher's Castoria.

THEIR ANNUAL MEETING.

New Officers of the Dog, Poultry and Pet Stock Association---Special Prizes.

President C. E. Renouf occupied the chair at the annual meeting of the B.C. Dog, Poultry & Pet Stock Association held last evening. Mr. Renouf spoke of the prospects of the association, stating that after the show just closed they would be able to show a balance on their books, while previously they had shown a deficit. The thanks of the association were due to exhibitors from outside cities and districts who had contributed in making the show a success. Mr. Renouf also thanked Mr. J. D. Mercer, manager of the Seattle show, the judges and committee for their able assistance.

The following officers of the association were then elected for the ensuing year: President, D. M. Eberts; treasurer, W. J. McKeon (re-elected); secretary, R. F. McLennan (re-elected). Executive committee—Messrs. Dr. Walkem, Dr. Duncan, Dr. Milne, W. J. Taylor, J. H. Franck, R. A. Cunningham, J. W. Flett, B. Boggs, J. B. Carmichael, Mercer, Callaghan, Garrison, Teague, Hall and Renouf.

After several of the newly elected officers had made appropriate speeches, members of the association offered the following special prizes for next year's show to be given either in cups or cash: Dr. Duncan, $25; Dr. Walkem, $25; S. W. Lowe, $15; Mr. Hull $20; W. J. Taylor, $25; S. W. Lowe, $10; Mr. Mercer, $10; C. W. Riley, $10; C. W. Riley, $5; B. Boggs, $10; A. Pinder, $10; W. J. McKeon, $10; W. J. McKeon, $10; G. A. Perrin, $50; S. W. Lowe, $10; Mr. Callaghan, $5; Mr. Mercer, $10. Total, $260.

The meeting having been informed by Dr. Walkem that Mr. F. W. Hitchcock was a candidate for the position of judge at the Chicago exhibition, a motion was unanimously carried to the effect that the secretary be instructed to write to the managing director of the World's Fair, endorsing Mr. Hitchcock's claim.

TRANSCONTINENTAL RATES.

The War Between the C.P.R. and the American Roads to be Renewed.

Port Townsend Leader.]

There will soon be lively times on this coast. The Canadian Pacific has accepted the gage of battle thrown down by the Transcontinental association, and a big rate war is looming up in the distance.

It was stated in the Leader several days ago, that the Pacific Coast Steamship Company had decided to withdraw the City of Puebla from its Northern line, and that beginning with that vessel's last trip down the steamers of the company would hereafter leave Port Townsend but once every week. This contemplated move has been reconsidered, and the steamers are to continue running on the five-day schedule. Not only that, but stops will again be made at Vancouver, B. C., both coming up and going down.

The latter feature of the run was discontinued about a year ago, the reason then given being that it was a great deal cheaper to unload all the British Columbia freight at Victoria. The facts of the matter are that the steamship company and the Canadian Pacific railroad company had a traffic arrangement by which the latter was enabled to carry thousands of tons of freight into San Francisco from the East and slash the association tariffs right and left. The result was the Canadian Pacific was heavily subsidized and there being no more freight at the Vancouver docks, the Pacific coast steamers discontinued calling at that port, leaving the coast trading, a very small item, to tramp steamers.

The Canadian Pacific's subsidy has expired and, the transcontinental association refusing to renew it, the company has renewed its contract with the steamship company.

The outcome will be watched with interest by those interested in freight and passenger rates.

Mothers

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mothers' friend. 35 doses, 35 cents.

The Latest.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 90 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

COAL

The New Vancouver Coal Mining & Land Co., L'd.

(FORMERLY THE VANCOUVER COAL CO.),

ARE THE LARGEST COAL PRODUCERS ON THE PACIFIC COAST.

THE NANAIMO COAL (Used principally for Gas and Domestic Purposes).

THE SOUTH FIELD COAL (Steam Fuel).

THE NEW WELLINGTON COAL
House and Steam Coal) are mined by this Company only.

THE "NANAIMO" COAL gives a large percentage of Gas, a high Illuminating Power unequalled by any other bituminous Gas Coal the world, and a superior quality of Coke.

THE "SOUTH FIELD" COAL is now used by all the Leading Steamship Lines on the Pacific.

THE "NEW WELLINGTON" COAL, which was introduced early in the present year, has already become a favorite fuel domestic purposes. It is a clean, hard coal, makes a bright and cheerful fire, and its lasting qualities make it the most economical fuel in the market.

The several Mines of the Company are connected with their Wharves at Nanaimo and Departure Bay where ships of the largest tonnage loaded at all states of the tide. Special dispatch is given to Mail and Ocean steamers.

35 JOHNSON STREET.

PERSONAL.

Movements of Well Known People in Various Directions.

Hon. John Robson went over to Vancouver this morning.

A. McFarland and wife, of Vancouver, are at the Driard.

William M. Mathew, Rivers Inlet, has been made a justice of the peace.

Ernest Williams, of Victoria, has been appointed a notary public for British Columbia.

C. E. Savens, T. W. Eagles, D. A. Lennis and J. W. Foley came in on the North Pacific this morning.

A. S. Knevett de Knevett, of Brussels, has been appointed agent general for British Columbia in Belgium.

George A. Smith, Government agent at Alberni, and Peter McL. Forin, New Westminster, have been appointed notaries public for British Columbia.

Mr. Matthew Begbie has been very imprudent in not taking proper rest after the severe fall sustained on Sunday last. The consequence is that his injured hand has become much worse, and his physician has ordered him to keep to the house for a day or so at least.

WHARF AND WAVE.

Doings of Interest to Marine Men Concisely Compiled.

Bark Mary L. Burrill arrived in the Royal Roads this morning.

Two vessels, in ballast, anchored in Esquimalt harbor this morning.

British ship Titania sailed on Thursday for London, England, from Vancouver.

H. M.'s troopship Tyne, with 600 men, is returning home, has arrived in Esquimalt and all safe.

So far no serious mishaps or accidents to steamer's wheels by the floating ice have been reported.

Steamer Danube will leave for the north Saturday evening about 9 o'clock from the outer wharf.

There is no demand on the Sound for lumber vessels for Australia, as the market is overstocked with lumber.

British bark Glenbervie arrived from London this morning, 147 days. She is consigned to R. P. Rithet & Co., Ltd.

American papers state that the reason British sailors desert from their vessels is on account of the poor food supplied.

Most of the vessels now loading on the Sound are Scandinavians. It is said freights are cheaper by ships flying the flags of Sweden and Norway.

The Upper Columbia is freezing, and the river between the Cascades and the Dalles is full of floating ice. Steamers plying between those points have been tied up.

Steamer Olympian, now under repair at Portland, will be put on the Columbia River next season, and will not return to the Sound. On her trip over she averaged 13 knots.

The British ship Halewood, which is coming to Seattle from Rio Janeiro to load 3600 tons of wheat at the grain warehouse, is 15 or 16 days overdue. Nothing has been heard of her.

The iron ship Foremost was chartered on Wednesday at San Francisco to carry wheat from there to Liverpool at 20 shillings, stated to be the lowest rate ever made there for wheat charter for a similar voyage.

Coal freights remain unchanged as far as can be ascertained. Nanaimo or Departure Bay to San Francisco, $2.50; to San Diego or San Pedro, $3.25 to $3 50; Tacoma and Seattle to San Francisco, $2.25 to $2.50.

An important change is to be made upon the hull of the celebrated and old reliable Fraser River steamer Gladys. Twenty-five feet is to be added to her length and she is to be completely renovated and repaired throughout. The Gladys is now on McPhee's ship ways and the preliminary work has commenced.

It is reported on good authority that a company is being formed of Nova Scotia and New Brunswick moneyed men, with a stock capital of $1,000,000, to build, equip and operate a fleet of auxiliary steam schooners for the fur seal trade. Final arrangements have been made, and the fleet will be got ready for the season of 1893. The vessels will not confine themselves solely to sealing, but will take whales, engage in fishing, and do all such other work as will be best calculated to return a dividend. The headquarters of the company will be at Victoria, where a depot will be established for the outfitting, etc., of the fleet.

CONSULAR AGENCY AT COMOX.

The Increasing Shipping Interests at Union Are Recognized by the U S. Government

This morning United States Consul Myers received a dispatch from Washington, D.C., which stated that an agency of the consulate was to be established at Union, Comox.

This result is mainly due to the representations made to his government by Consul Myers, who has reported on the great amount of business at that port. At present something like 7000 tons of coal a day is being taken out, and this is to soon be increased to 10,000. Most of it goes to San Francisco, and is taken by American vessels, thus requiring the services of a U.S. consul.

The fact that the attention of the U. S. government has been directed to, to show that the commercial interests of British Columbia are becoming wards this part of the province goes recognized.

The Montreal Trade Bulletin is authority for the statement that a movement is on foot to organize a combine of cigar manufacturers of the Dominion. If the project goes through, it is said factories will be established in Montreal, St. John's, N.B.; Toronto and Vancouver.

What is more attractive than a pretty face with a fresh, bright complexion? For it, use *Pozzoni's Powder*.

Fears are entertained by some of the produce dealers that, if the weather remains cold for a few weeks, and navigation is closed, there will be a hay famine in the city, or something very nearly approaching such a thing.

EVANGELISTS AT NANAIMO.

To the Editor:—Please permit me to use your columns to say to the many friends of Messrs. Crossley and Hunter that the work here is making grand progress. These ministers came here perfect strangers to all but one or two in the city. To day they are known by almost every inhabitant. Nanaimo has never been so interested in religious work as it is to-day. From the first there has been a steady increase in the interest, and to-day not one is uninterested. The churches uniting for the evangelistic services are the Methodist, Baptist and Presbyterian. Last night standing room in the large auditorium of the Methodist church was almost at a premium. Over 40 were found in the enquiry room at the close of the service seeking the way to God. The work is only beginning as yet, but some of the finest and most moral men and women of our city, both young and old, are acknowledging their ways and turning toward a Christian life. We write these lines to enlist the sympathy and prayers of the recently blessed ones in Victoria, who are remembered here with feelings of deepest interest.

W. W. Baer.

Nanaimo, B.C., Jan. 14.

Wisdom's Violet Cream

Is the most exquisite preparation in the world for softening the hands and face. It is not only a substitute for, but in every respect superior to glycerine, cold cream, vaseline, and like preparations. Try it. D. E. Campbell, agent.
